Dear Sir:

Examiner India L Evans notified the applicant in the Notification of Missing Requirements dated April 2, 2007 that the current oath does not identify the citizenship of each inventor.

I called Examiner India L Evans on April 11, 2007 to indicate that in the oath as filed the inventor's citizenship was identified as China. The Examiner agreed she made a mistake and permitted to send a notice of withdrawing the notification of missing requirements to me. However, to date I have not receive such notification and a filing receipt for this application.

I tried to call Examiner India L Evans many times for solving this problem, but no one received my call. I left massages after calling, but to date no one called me back.

Please correct the mistake regarding does not identify the citizenship of each inventor immediately and send me the Filing Receipt for this application as soon as possible.

Very respectfully,

Tianhua Gu
